#### Overseas trips

In the light of the current economic climate and its inevitable impact on research income, the University is increasing its focus on quality international partnerships and forging strong links with industry such as the University of Sheffield Advanced Manufacturing Research Centre with Boeing, which was awarded a Queen's Anniversary Prize as a model for collaboration between HE and business.

As part of a growing focus on international activity and attracting overseas students, the Vice-Chancellor and senior board members have committed to a range of overseas visits which are reported on the University's website. All trips must meet most or all of the following criteria:

- Research collaboration
- Student exchange
- 3. Staff exchange
- 4. Student recruitment
- Government links
- Alumni relations

## **Corporate hospitality**

Corporate hospitality includes alumni events. On occasion funding is provided to cover the initial outlay of organizing these events, however ticket prices and donations are then used to cover costs as well as generate a much-needed surplus for student support and other alumni-funded activities.

#### Paid 1 August 2015 to 31 July 2016
